1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Our Institution integrates Cross-cutting issues of the society like Moral Values, Human Values, Professional Ethics, Ethical Values Gender Equality, Environmental Awareness, which are inseparable part of our curriculum. Whether it be science, commerce or arts faculty or undergraduate or post graduate course all have provided curricular aspects regarding them to develop a strong value system in students. The sociology syllabus integrates them through a paper named social laws and ethics in India, community organizations, health behavior and behavior related problems, social work and human rights. Besides this all the papers of master of social work run by the institute addresses these issues. Courses of bachelor of computer science run by the institution addresses these issues through inclusion of green computing in the syllabus. Bachelor of home science courses addresses them through inculcating values on gender sensitization Curriculae of commerce faculty addresses them through incorporation of professional ethics.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Write description in maximum of 200 words Our classrooms are typically a mixture of varied ability groups of students. The roots of this phenomenon can be traced back to their socio-cultural and techno-economic backgrounds, cognitive development and understanding. Curriculum transaction to such a mixed classroom is not possible since one-size-that-fits all approach does not work well to the satisfaction of all the students in the class. Criteria for Categorization of Students Besides the scores of students in qualifying examinations participation of students in the classroom activities and their performance in the internal examination is used as criteria to identify and categorize students. They are 1. Advanced learners 2. Average learners 3. slow learners advanced learners 1. Extended Library Use 2. Academic recognition such as membership in departmental Boards, Science Academies and different committees 3. More challenging questions in the Examination through provision of advanced question papers 4. Professional and Proficiency examinations 5. Scholarships Slow Learners Page 14/64 31-05-2023 12:56:14 Annual Quality Assurance Report of BHERULAL PATIDAR GOVT. P.G. COLLEGE, MHOW 1. Orientation Programme - bridging the gap 2. Remedial teaching 3. Providing peer tutoring by high ability classmates 4. Encouraging them & providing more chances for classroom participation 5. Providing them notes on curricula. 6. Mentoring by faculty mentors 7. Encouraging them to spend more time on reading in libraries 8. Additional learning opportunities through online sources like Whatsapp.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The institute practices a teaching methodology which focus on impacting education through a student centric approach. • Courses of the University are defined highlighting course objectives, programme specific objectives and programme outcomes. This provides a comprehensive understanding to the student right at the beginning of the course as to what should be the primary focus. • Teachers make classes as interactive as possible and encourage innovative thought and novel interpretations. Audio- Visual methodology, Language Lab, Google Classroom, Industrial Visits, Field Work and Projects are some of the means utilize by the Departments to provide experiential and participative learning. Page 15/64 31-05-2023 12:56:14 Annual Quality Assurance Report of BHERULAL PATIDAR GOVT. P.G. COLLEGE, MHOW • All master courses involve field work, internship, projects and so on which help students acquire experiential learning and problem solving ability. • Year around activities for students ability enhancement like lectures, discussions and debates on contemporary issues are encouraged so that students can reflect and analyse by eliciting responses to the subject under discussion. • NSS Cell and NCC unit have been set-up for the students to participate, integrate and learn. • Representatives of students serve as members on committees in different departmental committees and college level committees and events for inculcating a sense of responsibility in them.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Transparency initiatives at institute level:

- According to the academic calendar, a student has to appear in 2 or 3 -terminal examinations as per their course requirement.
- The schedule of the internal examination is decided at the beginning of the session, in the form of academic calendar.
- According to the academic calendar, unit tests are taken in the form of written test, black-board presentation, power-point presentation, quiz on subject or by other method, which the subject teacher decides.
- The marks of CCE are shown in the classrooms and each student can ask about its performance. They can observe their test copies.
- Record of obtained mark is written in register. If there is any difference or discrepancy in their marks, it can immediately be corrected.
- The test copy of one student is allowed to interchange for observation to other student, at the time of distribution of the answer-sheet in the class rooms.
- CCE marks are sent to the university to add in mark-sheet of students.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

Upload a description not more than 200 words

A transparent, time-bound and efficient method is being followed in the institution in terms of dealing with internal examination related grievances. Various internal examinations are being performed throughout the semester. Some of them are- CCE-1, CCE-2, CCE-3, assignments, lab continuous evaluation, project evaluations, etc.

CCE-1, CCE-2 AND CCE-3- Immediately, after the unit test, the solution of the test along with question wise marking scheme is displayed on notice board within an hour after the test to maintain transparency and uniformity in the assessment of the internal tests. The faculty evaluates the papers within a week of conduction of test. The evaluated answer sheets are shown to students in class and faculty undertakes individual grievances with a student on the paper if required by the student.

Assignments- Faculty evaluates assignments based on the rubric which is also shared with the students. The rubric consists of criteria- timely submission, clarity, neatness, etc. The evaluated assignments are given back to students thus maintaining the transparency of the marks assigned and to resolve grievances is any.

Project evaluation- internal evaluations of the project is conducted in front of the panel consisting of group of faculties and then a viva voice test is performed in front of an external examiner appointed by university The rubric is designed for these two presentations having criteria- quality of problem formulation, literature analysis, presentation, team work, etc.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Our college offers different programmes on under graduate, post graduate and Ph.D. level

- The approach is envisioned to provide a focused, outcome-based syllabus with an agenda to structure the teaching-learning experiences in a more student-centric manner.
- Each programme vividly elaborates its nature and promises the outcomes that are to be accomplished by studying the courses. The programmes also state the attributes that it offers to inculcate at the designated level.
- Course learning outcomes are specific to a course of study within a given programme of study. It describe what learners should know, be able to do and value as a result of integrating knowledge, skills and attitudes learned throughout the course. According to the preferences of individual students the elective courses offered by one student may be different from the elective courses offered by another student of the same programme. The achievement by students of course level learning outcomes leads to the attainment of the programme learning outcomes.
- The measures taken as part of Programme Specific Outcomes can get reflected through: Result analysis and data of Higher Education as well as placement.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Attainment of the Course Outcomes is evaluated by the college

- The course outcomes is measured through completion of syllabus and CCE
- The continuous evaluation is done through tests, quizzes, written assignments, presentation of papers, oral

presentations, field work and so on.

- The final examination of every course is based on written examination of three hours, the question paper of which is required to test the knowledge of the student from every unit prescribed for study.
- The programme specific outcomes is measured by taking the aggregate result of all courses in a given programme of an individual student, and then the average performance of all the students in a given programme.
- At the Post Graduate level and Undergraduate levels, the attainment of programme outcomes is measured through students' progress to higher studies.
- The feedback system of different stakeholders helpsto measure and reckon the attainment of the programme outcomes.
- The online student feedback system provides information pertaining to the relevance of the course, availability of the course material, and course's importance in terms of employability and so on which are pertinent questions and which help the college to measures its learning outcomes.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.	

Administrative Decentralization College development committee comprising of representatives of Principal, student representatives, HOD representative, faculty, staff members, industry experts and alumni is formed to deal with the development plan of the college regarding academic, administrative and infrastructural growth and to enable college for addition of curricular co-curricular and extra-curricular activities. The principal gives directives to the departmental heads to prepare the annual departmental budget. The HOD conducts a meeting with all the faculty members of the department and asks them to submit requirements along with the relevant quotations, depending upon the need of the syllabus. For the acquisition of goods and services including requisition preparation, funds approval, payments to suppliers and follow-up enquiries, college practices decentralization by providing operational autonomy to the departments. Academy Decentralization There are different communities with their defined functions That give academic and administrative leadership to the college. Different committees composed of faculty members are responsible for the holistic Development of the college.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The institute runs smoothly through audits of different types like financial, green and academic. Here we are taking an example of financial audit. It is concerned with two activities; income and expenditure. The important aspect of audit is proper utilization of income. It means expenditure is done in transparent ways. For this we follow "Bhandar Kraya Niyam" of the MP Government. As per these rules, a purchase committee of senior professors is formulated. The committee monitors all expenditures, asks requirements of different departments, office and cells to prospective sellers through quotation (by specifying product dimension). Ask them to present at a particular date, open them after stipulated time, maintain record, makes comparative chart,

order item as and when required to the lowest bidder, maintain a central stock register of incoming item issues and disburse them to the concerning department through cross entry in their stock register, checks them yearly through physical verification, maintain the report of physical verification and stock of different department, ask for repairs or write off of the concern items through stock checking incharge, present them to write off committee and then disperse through auction from department.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The organogram is an administrative diagram of the College which describes the decentralized structure of administration. College administration is a cooperative effort of the Principal, teaching, non-teaching staff and students with the cooperation and support of all stakeholders in pursuit of a common objective. It is necessary that all aspects should be organized in order to attain the desired goals. As the Head of the institution the Principal supervises Academic, administrative and support staff. The Principal also looks after the all Class II & Class IV Non-teaching Staff Under the administration of Principal various Committees are formed which include IQAC, General Body, Advisory Committee, Development-cum-finance Committee, Committee for SC/ST, Magazine Committee, Library Committee, Internal Complaint Committee, Research Journal Committee, Sports Committee, Time-Table Committee etc. Different Cells are well thought-out to look after students' and staffs' complaints. The cells functioning are controlled by the Principal. The different cells are Students' Grievance Redressal Cell, Staff & Teachers' Grievance Redressal Cell, Anti Ragging Cell, Sexual Harassment Cell, Gender Cell, Minority Cell, Legal Cell and OBC Cell. Different societies are formed in order to maintain the discipline amongst the college

students. They work under the observation of Principal. The main societies are Students' Central Society, Sahodara Society, Common Room Society, Science & IT Society and Alumnae Association. Another important characteristic of the Organogram is its stakeholders like the students, parents, guardians, alumnae, NGOs, Corporates and Media Houses.
